100% first time pass success for ISO 14001 Certification!**

Achieving ISO 14001 Certification with UKICM

easy as.....

123

1

We will arrange for a fully Qualified and Friendly consultant to visit and carry out a gap analysis and environmental review of your business and its processes. Then (off site) create your Bespoke Environmental Manual, Action Plan & set of Mandatory Procedures required to pass your Certification Audit.

These are then e-mailed to you along with any template documents you may need to implement your system in preparation for audit.

2

Your consultant will be on hand for you via phone and email to support you and your team with the full implementation of your ISO 14001 system following right through to and beyond your Independent Audit from an..... Accredited Certification Body.....Which we also arrange!

We also provide a Pro-Active Help-Line calling you periodically offering support and advice throughout the whole process.

3

Prior to Audit your Consultant will go through your systems and ensure they are properly prepared. Your audit will then be carried out by an Accredited Certification Body.

After which your organisation will be ISO 1400 Certified and Recorded on the Global Register for all to see.

With hundreds of years combined experience in the ISO World UKICM offer you the best possible people and service at the best possible price. We wont be beaten on Service or Support and Guarantee to beat any quote on a 'Like for Like' package.....
