

OHSAS 18001 Health & Safety

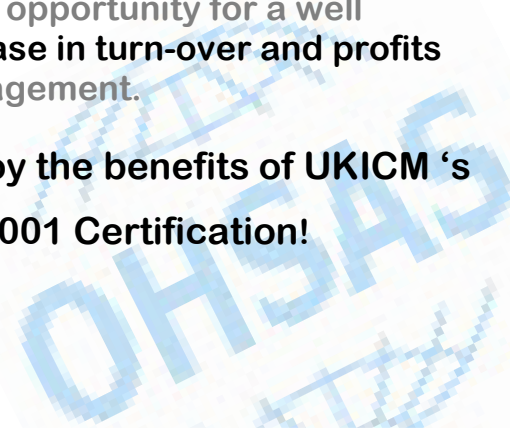

And 'Your' Company

Benefits of gaining OHSAS 18001 Certification with UKICM for your organisation are numerous and include the following.....to name a few.

- ✓ **Qualifying as a preferred supplier when tendering...** This ensures you are put to the *'Top of the pile'* giving you a much higher chance of winning contracts over those without 18001 Certification
- ✓ **Gaining the competitive edge over your rivals.....** Displaying the OHSAS 18001 Logo on your stationery and web site instils confidence in your existing and potential clients ensuring you a far greater prospect of retaining already won and winning more new clients!
- ✓ **Reducing work-related accidents and ill-health....** Cutting the heavy burden of costs of time off, sick pay and possible prosecution.
- ✓ **Improved performance through heightened employee morale...** Happy informed Staff are more productive staff. Better production..... Higher profits!
- ✓ **Constant reinforcing of a responsible and well-managed reputation with your customers old and new....** Happy Clients stick around
- ✓ **Increased Company Profitability....** All the above lead to better performance from staff, less accidents and a far greater confidence from clients old and new. This ensures consistency within the company and far greater opportunity for a well supported growth in business and the subsequent increase in turn-over and profits that come as reward for focused Health and Safety Management.

100% first time pass success for OHSAS 18001 Certification!**

Achieving OHSAS 18001 Certification with UKICM

easy as.....

123

1

We will arrange for a fully Qualified and Friendly OHSAS 18001 consultant to visit and carry out a gap analysis and H&S review of your Business. Then (off site) create your Bespoke OHSAS Manual & set of Mandatory Procedures required to pass your Certification Audit.

These are then e-mailed to you along with any template documents you may need to implement your OHSAS 18001 systems in preparation for audit.

2

Your experienced consultant will be on hand for you via phone and email to support you and your team with the full implementation of your OHSAS system following right through to and beyond your Independent Audit from an..... Accredited Certification Body.....Which we also arrange!

We also provide a Pro-Active Help-Line calling you periodically offering support and advice throughout the whole process.

3

Prior to Audit your Consultant will go through your systems and ensure they are properly prepared. Your audit will then be carried out by the Accredited Certification Body.

After this your organisation will be OHSAS 18001 Certified and Recorded on the Global Register for all to see.

With hundreds of years combined experience in the ISO World UKICM offer you the best possible people and service at the best possible price. We won't be beaten on Service or Support and Guarantee to beat any quote on a 'Like for Like' package.
